

UNITED SHORE PROFESSIONAL BASEBALL LEAGUE BASEBALL OPERATIONS

MISSION

To identify a market of un-drafted college seniors and provide them the opportunity to develop into Major League Prospects.

OUR PROCESS

1. Evaluate current skill set and future potential.
2. Develop skill acquisition plan to reach potential and become MLB Prospect.
3. Market USPBL Prospects to MLB

STRUCTURE

All 4 teams play out of Jimmy John's Field as the USPBL Baseball Staff work with players from all 4 teams each week. To help players develop faster, the USPBL plays less games with more skill-based practices.

DEVELOPMENT TOOLS

Players in the USPBL have every opportunity to reach their potential by the resources and development tools offered by the USPBL.

K-Vest: Helps to capture lab quality 3D Data to assess how our players move to create their swing with proven solutions enhance positive swing changes.

DVS Baseball: Since 2016, DVS Baseball has helped pitchers use their medically published mechanical analysis and development system to improve shoulder function and mobility, fastball velocity and command, and help to produce USPBL pitchers into MLB Prospects.

Pitching and Hitting Rapsodo: Real time 3D pitch and hit data used in an indoor setting.

FlightScope: Allows the USPBL to establish benchmark metrics of our players and track their progress over the course of the season.

Custom Player Dashboards: All players in the USPBL have their own custom dashboard that can be viewed by MLB Organizations to track how they are progressing during the season.

Limited Travel: Without the long bus rides to travel to away games, players have more time to train and prepare their body for performance. **Indoor Training Facility:** Players have access to one of the premier training facilities in Michigan outside of practices.

In 2019, the ultimate goal of the USPBL was accomplished when former Utica Unicorn Randy Dobnak a Major League Baseball game. Dobnak's story and path to reach the MLB through the USPBL embodies our mission of acquiring, developing, and marketing USPBL Players to MLB Organizations and ultimately seeing them become a Major Leaguer. The path provided to Randy couldn't be possible without the support from our fans, sponsors, community, and front office staff.

As Director of Baseball Operations, I'm committed to continually enhancing our development system to improve the skill sets of our players to help them become MLB prospects. In our first four seasons, we have produced tremendous results as we have seen 36 USPBL Players sign contracts with MLB Organizations.

Our results have been the work of a baseball staff that encompasses over 100 years of coaching and playing experience at the MLB level and combines that experience with implementing the latest advancements in technology and analytics into the USPBL. Our staff strives to create a culture that fosters skill acquisition in a fun and highly competitive atmosphere.

The path to become a Major League Baseball player is now a reality by playing in the USPBL and as we continue to carve out a niche as a premier development league, we look forward to helping our current and future USPBL Players fulfill their dream of playing Major League Baseball.
