# THE CLEAR CHOICE!

“Just wanted to say thank you to everyone at Jimmy John’s Field. We had a great time and everything was perfect. Clark wants to have his birthday there every year! We will definitely be back this summer to catch a game. Go Hoppers!! Thanks again.” - Amanda and family

“Thank y’all so much for making Edy’s 5th birthday so special! I wasn’t quite sure what to expect but everything was fantastic! There were so many fun things for everyone to do! I really appreciate how kind and helpful y’all were during the entire process: from beginning to end it was all top notch! My daughter said it was the best birthday ever!” - Megan

“Many thanks for going above and beyond to make Bronson’s third birthday a tremendous success. The kids had a great time, and we really appreciated your attentiveness, patience, and hospitality; it’s clear you genuinely care about the guests and their experiences at the park, and the organization is lucky to have you.” - Adam

“I just wanted to take a minute to let you know how impressed we were with the staff at yesterday’s game. It was our first time there, and our son’s very first baseball game. (It was his 6th birthday yesterday and all he wanted to do was go to Jimmy John’s Field.) I cannot express just how positive of an experience we had yesterday. It’s truly a day that we will never forget. Thank you for such an amazing day, and to your employees for showing such compassion. Well done! We can’t wait to come back!” - Rachael

“Just wanted you to know that we went to the field today for the first time to celebrate a birthday. I can’t say enough about how impressed our family was with just everything! The staff is friendly and so family oriented. My 5 year old granddaughter was so excited with the superhero dance squad who let her pose for pictures, dance with them, answered all of her questions, etc. A member of your staff helped her run the bases. I could go on and on about the wonderful afternoon. Thank you so much for one of the best memories my granddaughter will have.”
